- All parishioners to use free hand sanitizer provided at the front of the church when entering and leaving the church

## General Note

Space in the church is limited due to social distancing requirements so we have anticipated a maximum of 40-50 people in the church at any given time. So, there may be instances where entry to the church may not be possible.

## Method/Procedure

- The 2 main double doors at the front of the church are to be manned at all times
- Parishioners arrive at St Saviours and they will queue 2m apart until called to enter the church by a Marshall. The queuing area will be clearly marked out
- Once the parishioner is asked to enter the church, they will be briefed at the first set of double doors on the “one way” system that’s in place for all ingress and egress for the church (Drawing below). **THIS MUST BE ADHERED TO**

- The church pews will be filled up from the front of the church to the rear as dictated by the Marshalls

- Point 1 – There will be a “set aside” “Vulnerable” seating area in the middle of the church that will have its own separate ingress and egress, please make the Marshalls aware upon entering the church or any condition or concern and they can show you to this area.
- Seating on the pews will be dictated by family/group sizes and individuals and social distancing rules will apply
- All parishioners will be required to wear masks throughout the service/private prayer (Note if you have any breathing conditions please make the Marshalls aware upon entering the church and you will be seated in a “set off” “Vulnerable” seating area in the top right of the church. See point 1 above.
- Offertory boxes will be sited at the rear of the church upon entry. Please ask the Marshalls should you wish to use them.
- We would ask that all parishioners bring their own protective face mask, however we will have some quantities available at the rear of the church, please ask a Marshall if needed.
- Holy communion – The Marshalls will beckon each row at a time to come up for holy communion. Please follow the one-way system for ingress and egress for the pews when returning to your allotted seat.
- End of private prayer/ mass. The Marshall will beckon each pew when it is ok for them to leave the church. Parishioners to follow the one-way system as advised
- All parishioners to use the hand sanitizers at the rear of the church when leaving.
- **We must advise that all parishioners when leaving the church disperse straightaway. No gathering allowed outside the church.**
- **Please note that mass services will be shorter during this Covid period so no toilet facilities will be available. Should there be a special requirement please speak to the Marshalls.**
