Thank you.

Are you able to stop during the day?
Are you capable of taking a moment to be with yourself and with the Lord, or are you always in a hurry, in a constant hurry for things to do? Can you find a kind of "inner desert" amidst the noise and the activities of each day?

The coming holidays remind us of a danger we all run:
the *dictatorship of doing!*

Our enthusiasm for the mission, our work, as well as the roles and responsibilities entrusted to us, often out of necessity, can make us fall victims to a kind of activism which is overly concerned with things to do and with results. We become overly preoccupied with things to be done and with results. It so happens that we become agitated and lose sight of what is essential. We risk exhausting our energies and falling into bodily and spiritual fatigue.

When we find time and space to rest, our 'look' changes, our 'perspective' over people, situations and problems changes. We become patient, compassionate, sensitive to the needs of others, able to listen, even silent!

"Spiritual Seeds" wishes you a time of "rest in the Spirit" :)
till September...

In hunc.

Father Ivano
