

# PEBBLE ART (1)

## ACTIVITY WEEK 21

You or a family member may have visited the coast some time during the Summer and collected some pebbles or you may have some in your garden. Here is an idea to create your very own pebble piece of art work.

You will need a selection of pebbles, strong card/carboard, tacky glue, felt tip pens and possibly some other resources to compliment your picture eg. Twig, string, leaf.

Before you glue anything place all your pebbles where you want them and when dry you can display in a box photo frame.
