ECOLOGICAL EXAMEN

All creation reflects the beauty and blessing of God's image. Where was I most aware of this today?

Can I identify how I made a conscious effort to care for God's creation during this day?

What challenges or joys do I experience as I recall my care for creation?

How can I repair breaks in my relationship with creation, in my unspoken sense of superiority?

As I imagine tomorrow, I ask for the grace to see the Incarnate Christ in the dynamic interconnectedness of all creation.

LAUDATO SI' QUOTES FROM POPE FRANCIS

 'Is it realistic to hope that those who are obsessed with maximizing profits will stop to reflect on the environmental damage which they will leave behind for future generations? ... Moreover, biodiversity is considered at most a deposit of economic resources available for exploitation, with no serious thought for the real value of things, their significance for persons and cultures, or the concerns and needs of the poor.'
