**Ahead of COP28, Pope Francis has written a new message, named *Laudate Deum*, imploring political leaders to act with greater urgency to tackle the climate crisis.**

### **Share Pope Francis' COP28 message with your MP**

Pope Francis has published a new message on the climate crisis in the run-up to COP28, demanding that leaders at the talks commit to speed up the transition from fossil fuels to renewable energy.

The message from the Pope, called *Laudate Deum*, also urges rich countries to agree how to provide financial support for countries that have suffered irreversible 'loss and damage' as a result of the climate crisis. The Pope is so determined to call for action at COP28 that he's going to attend the talks himself.

We've printed a summary of the Holy Father's message and an easy way to share this with your MP in the run-up to the COP. If you would please add your name and address, Cecilia Bullock will collect the letter at each Mass this weekend and ensure the letters are delivered to local MP David Simmonds or Steve Tuckwell MP for Uxbridge and South Ruislip.
