

To people of all faiths or none:

Are you concerned about Climate Change?

If so, come and join us on an

All Faith
Pilgrimage

around the Hitchin Outer Orbital Path (the HOOP) and pray (or think good thoughts) with your feet for our world.

When: **Sunday 16th August**

Where: **10:00, Market Place,
Hitchin**

We will stop regularly to pray for reversal of climate change using prayers taken from different faith traditions. These prayers have been compiled by the People's Pilgrimage organisation and our pilgrimage will be registered on their website - see

<http://peoplespilgrimage.org>

The HOOP is 12 miles in total but is broken down into sections of between 2 and 4.5 miles. It passes through beautiful countryside as well as charming local villages. For more information about the HOOP, see

<http://thehoopwalk.webs.com>

Come for a short section, or a morning/afternoon or the whole day. On the schedule opposite you can see where you can leave or join the walk. Most of the points can be reached by public transport from Hitchin even on a Sunday. Times are approximate.

Our Lady Immaculate & St Andrew's Church, Hitchin is organising the pilgrimage. For more information or to register, email

oliasah-peace@yahoo.co.uk
