

Reflection Tuesday Week 4 – 2022

While David mourns the loss of his son Absalom who tried to overthrow him, Jesus is restoring people to good health and to life. There is so much more to faith than just believing, faith introduces us to the life Jesus continually offers us which is always a life to be shared. It would be good to know the story of the woman who was healed after she returned to her village and family. What an inspiration she must have been. The synagogue official loved his daughter as much as David loved Absalom. Being restored to life, the daughter would have been an inspiration and joy to the whole family. True faith is about inspiring people's lives, not only by sharing your joy but inspiring joy in others as something to be shared.

Joy In The Lord

You won't find joy in what you have,
you won't find joy in wealth.

You will find joy in Jesus Christ
and not in love of self.

There is always joy in the Lord,
there is joy in being free.

If you love Jesus, there is joy in His word,
I have found joy, Lord, in Thee.

It is said, "Joy comes in the morning"
and joy turns darkness to light.

The love of the Lord and His gift of joy
make all our tomorrows seem bright.

Joy is a glorious feeling
of gratitude and delight.

a flame only God can ignite. © Judy Radach

- **Everyone brings joy to this house. Some when they enter, and others when they leave.**
- **How do we know that soccer referees are happy? Because they whistle while they work.**
- **I bought my wife a fridge-freezer for her birthday. I know it's not much, but you should have seen her face light up when she opened it.**
