

Westminster Safeguarding Service

EduCare®

The Catholic Trust of England and Wales brings you a package of E-learning programmes that are available free of charge to **every member** of the Catholic community in England and Wales.

How can we ensure that everyone working with the young and adults who may be at risk have a basic awareness of safeguarding matters?

By providing an opportunity for individuals to access online training on a variety of topics at a time and place that suits them. EduCare's training programmes can help individuals familiarise themselves with safeguarding matters, helping to create a nurturing and safer environment. The course includes The Child Exploitation & Online Safety programme which helps us to better understand how children and young people use technology and the associated risks.

How are the programmes made up?

Each programme is modular and divided up into a bite-sized format. You will need internet access to launch the programme and save your progress.

What do I need to do to access this training resource?
