## EduCare®

The Catholic Trust of England and Wales brings you a package of E-learning programmes that are available free of charge to **every member** of the Catholic community in England and Wales.

### How can we ensure that everyone working with the young and adults who may be at risk have a basic awareness of safeguarding matters?

By providing an opportunity for individuals to access online training on a variety of topics at a time and place that suits them. EduCare's training programmes can help individuals familiarise themselves with safeguarding matters, helping to create a nurturing and safer environment. The course includes The Child Exploitation & Online Safety programme which helps us to better understand how children and young people use technology and the associated risks.

### How are the programmes made up?

Each programme is modular and divided up into a bite-sized format. You will need internet access to launch the programme and save your progress.

### What do I need to do to access this training resource?
